Incomplete or illegible certificates may be delayed in being entered on the record.</p> <p>Although we accept certificates by mail/fax/email, we would recommend that drivers use a new web application. They can sign into the application from www.wisconsincdl.gov. This application can be used to self certify and to upload a medical certificate. Certificates that are uploaded have to be in JPG, GIF, PNG, or PDF file types only and can't be over 5 MB.</p> <p>Any medical certificate that is emailed to the department will have to use the same file type and size restrictions used in the web application (JPG, GIF, PNG, or PDF file types only and can't be over 5 MB).</p> | Driver would have to change their self certification to something other than Non-excepted interstate or provide an updated medical certificate to the department. Once the updates are made on the record, the CDL will be put back to a valid status. No tests are required. | Alison Lebwohl or Jeremy Krueger | 608-264-7049 | dre.dmv@dot.wi.gov |
